

GREEN organics bin

(urban/rural residential areas only)

NEW!
You can now put
meat, fish, chicken,
prawn shells and all
other food waste
in your green
organics bin.

IMPORTANT

To prevent smells occurring in your
green organics bin

- Keep the bin in the shade with lid closed
- Wrap your food scraps in newspaper
- Layer your food scraps with other dry greenwaste such as lawn clippings and leaves
- Freeze smelly foods until collection day
- Hose out your bin onto the garden or lawn after it has been emptied

Meals on wheels for worms!

Don't forget home composting and worm farming for excess organics or if you don't get a green bin service

YES. These items go in your **GREEN** organics bin:

Food scraps: fruit & veggie peelings, meat, fish, poultry, bread and pasta

All garden waste: weeds, prunings, grass clippings, leaves

Small timber offcuts, no treated timber

NO. These items are not acceptable:

No disposable nappies

No plastic bags

Your **GREEN** organics bin will be collected every week.
