

## Certification of Installation of Fire Detection and Alarm System (Dwellings)

**Attention : Building Surveyor**

I \_\_\_\_\_, being a qualified licensed electrical contractor, hereby certify that I have installed the automatic fire detection and alarm system at this premises in accordance with the Building Code of Australia and the following requirements:

Smoke alarms – complying with AS 3786 have been connected to the consumer mains power, have a standby power supply (battery) and are interconnected where there is more than one alarm. Alarms are installed on or near the ceiling in:

- (a) any storey containing bedrooms – between each area containing bedrooms and the remainder of the dwelling and where bedrooms are served by a hallway, in that hallway, and
- (b) any other storey not containing bedrooms.
